

Diamond grinder HPM 3200

The **HPM 3200** is a dry grinder and polisher for design and industrial floors made of concrete, screed and mineral coatings. It is especially suitable for small surfaces and edge work.

The machine is equipped with an adjustable speed motor, an antivibration handle and a dust extraction hood. The brush ring with a removable segment is adjustable in height.

A pleasant partner for a shiny appearance.

systainer

Scope of delivery (part no. 024.410)

Machine complete with base plate Velcro® Ø 175 mm. All supplied in a transport systainer.

ALMOST
DUST
FREE

A segment of the brush ring can be removed for an up-to-the-edge finish.

Technical Data:

Voltage	230 Volt
Power	1.200 Watt
Speed	600-3.200 min ⁻¹
Protection	class II
Weight	ca. 6,1 kg
Tool	Ø 175 mm

Tools and accessories HPM 3200

1. Diamond grinding cup wheel DT-175-VAC-BLUE (‘Abrasive’) **Part no. 223.264**
for abrasive grounds like screeds, lime sandstone, non-skid sand coatings, rough surfaces

2. Diamond grinding cup wheel DT-175-VAC-GOLD (‘Concrete’) **Part no. 223.274**
universal, for concrete, industrial screeds, standard coatings, filler

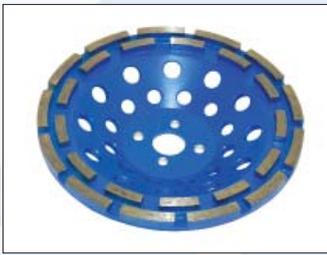

3. Diamond grinding cup wheel DT-175-VAC-GREEN (‘Granite’) **Part no. 223.240**
for hard concrete and screeds

4. Diamond grinding cup wheel for extremely hard materials

DT-175-TURBO-30/40 (green) **Part no. 223.242**
Grain 30/40, coarse grinding
DT-175-TURBO-60/80 (green) **Part no. 223.243**
Grain 60/80, medium grinding
DT-175-TURBO-120/140 (green) **Part no. 223.244**
Grain 120/140, fine grinding

5. Diamond grinding cup wheel DT-175-MBT-A (double-row, blue) **Part no. 220.210**
for abrasive materials, screeds, rough surfaces, soft grounds.

6. Diamond grinding cup wheel DT-175-MBT-C (double-row, gold) **Part no. 220.220**
for concrete, hard screeds, tiles, filler, coatings

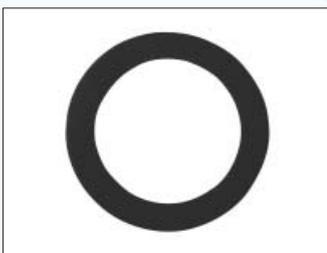

7. Base plate Velcro® Ø 175 mm **Part no. 123.600**
to hook on the Velcro®-backed diamond grinding rings DRR7 and MRR7

8. Diamond grinding ring MRR7 Ø 180 mm, flexible, metal dots
Part no. 224.410 Mesh 30 grey
Part no. 224.411 Mesh 60 green
Part no. 224.412 Mesh 150 black
Part no. 224.413 Mesh 300 yellow
for dry grinding and polishing of concrete, screed, Terrazzo, mineral coating etc.

9. Diamond grinding ring DRR7 Ø 180 mm, flexible, resin segments
Part no. 223.601 Mesh 100 black
Part no. 223.602 Mesh 200 red
Part no. 223.603 Mesh 400 yellow
Part no. 223.604 Mesh 800 white
for dry grinding and polishing of concrete, screed, Terrazzo, mineral coating etc.

10. Replacement Velcro® Ø 175 mm **Part no. 324.401**

11. Replacement brush ring Ø 178 mm **Part no. 323.107**

12. Replacement removable segment **Part no. 323.105**
